### No stone unturned

AS president of the Calder Action Group we have written to John Brumby about the 50% joint state and federal funding of the Kings Rd Calder Freeway.

As many readers and residents who use the Calder daily between work and home or for other travel know this issue is paramount to the future economic and safety welfare of our community in the north-west.

Our group is working very hard to make sure we do not miss out in this year's Budget and we will not leave any stone unturned to do so.
